

SUCCESS STORY

FEATURING HANNAH S!

OCTOBER 2024

Meet Hannah!

Hannah has held several different jobs since graduating high school and had an open case with OVR. She decided to apply for the Cumberland County Adult Project Search program to learn new skills and find a job that she enjoys. Hannah was accepted into and completed the program, graduating in May 2024.

Hannah's intern rotations included, Department of Veterans Affairs, Cumberland County Children and Youth Services, MH/IDD Custodial & Clerical. Some of her responsibilities included filling the copiers with paper and envelopes, creating letters, sorting and organizing mailings, and collating packets for other MH/IDD programs.

Throughout Hannah's time at Project Search, she showed herself to be eager to complete tasks assigned to her and be a helpful part of the team. Hannah always remembers the tasks she was responsible for and is forthcoming when advocating for herself.

Hannah accepted every assignment with a smile and positive attitude, and by her second internship she was recommended for employment. Hannah is timely and does not slack when there is a job to be done and has proven she is willing to work hard and power through obstacles.

In July 2024, Hannah was hired as a part time Administrative Clerk at our Cumberland/Perry MH/IDD office. Hannah works each morning, 5 days a week for 19 hours per week. She works alongside our Administrative Supervisor on various clerical tasks. Hannah's co-worker says, "she is always happy and smiling when I see her at work and is super friendly and always seems to be open to learning new things." "Hannah has already become a valued member of our team at the office, and we look forward to continuing to work with her."
